

ww-EWZ

700 Bar Single Acting Spring Return Cylinders

ISO9001 : 2008 | Made in Eichstätt / Germany

High-performance spring return
Application in all mounting positions
Hard-chrome plated plunger with end stop
Wiper seal prevents pollution and corrosion

Single acting with spring return steel cylinders have hard chromium plated piston that prevents gauge formation and corrosion. These cylinders have a male thread on the cylinder head and a female thread on piston rod.

EWZ Cylinders are equipped with grooved saddles.

Technical Data
